Our friends at [Organic Authority](#) have chosen the **Best Organic Wine Picks of 2021** and we are delighted to have many of our wines in the mix!

Donna Sozio of Organic Authority writes:

"The global events of the last few years have been, for many, some of the most trying of our lives. Let's make the rest of 2021 a delicious adventure of good taste with this list of vintages made with organic and biodynamic wine.

While travel plans may still be on hold, let wine corks replace passport stamps as you experience the unique expression of terroir around the world through wine. From Champagne to Monterrey, California, South Africa, Chianti Classico in Italy, Australia, Georgia (the country), and rising-star Idaho, wine can be your ticket to jet-set around the globe.

This Best Organic Wine Picks of 2021 list is full of long-time favorites, cult classics, young winemakers, ancient techniques, and exciting lesser-known varietals to make 2021 the year of fabulous wine.

Today, we celebrate life's little victories, not just the major milestones. So bring out your best bottle and enjoy it now. There's no time like the present to savor every delicious moment in style."
