**Serve at:** 61 - 64°F  
**UPC:** 8-13561 01119-0

### Vineyard:

Situated 10 km from the sea, the climate is mild. While the mistral wind coming the mountains dries the vines, the Marin brings a breeze of humidity. The soil is made of gravels which offers the best conditions for the growth of the vines. Small gravels on the plots for the white and rosé varieties and larger gravels for the reds. The gravel absorbs the heat during the day and warms the vineyards at night.

### Vinification:

Hand picking and traditional vinification at 61°F. Aging 4 months in cement tanks.

### Terroir:

Villefranchiens gravels.

### Training system:

Cordon de Royat.

### Tasting Notes:

Yellow with silver iridescence. Nose of white flower and lemon. A refreshing and acidulous mouthfeel with notes of citrus and white pepper with a salty, iodine finish. A fresh and crisp wine!

### Enjoy with:

Aperitif, fish, shellfish, vegetables and cheese.

### Certification:

Ecocert

### Notes:

Winemaker's notes: While The Costières de Nimes produce 5% to 7% of the appellation in white, Château Beaubois produces 20%. Our situation which is very close to the beach brings great freshness and lots of iodine to the wines. A wine that has received many recognitions! A must try!  
Only indigenous yeasts used.

**International Organic Wine Award 2020 -  
PAR System**  
92 points  
Gold - So one of the very good white wines!  
Vintage: 2020
